

Control Panels

Te-Tech Process Solutions manufacture a wide range of Control Panels ranging from Form 1 to Form 4. Each Control Panel can be custom built to conform to clients' specific and general specifications, and incorporating where applicable all International standards in addition to BS EN 61439-2:2011 compliance.

To ensure complete client satisfaction, all our products have been comprehensively and independently tested, and comply with all industry standards, health and safety requirements and all relevant certifications.

All Te-Tech Control Panels are supplied with full documentation to include Declaration of Conformity Certification confirming adherence to BS EN 61439-2:2011, LV Directive and the EMC Directive.
